Tikal: from the great outdoors to the city, with just one shoe

20 July 2018 / 0 Comments / in Your Garmont's / by garmont

Are you an *"urban explorer"*? Garmont has the right shoe for you!

Tikal is a contemporary line for avid **travelers** who are also **fashion conscious**. These shoes offer **outdoor characteristics** with a **city style**, perfect for the adventures that are **part of everyday urban life**.

Available for both men and women and in *various colours*, they are perfect for those looking for **comfortable shoes** but with a *modern, fresh, and "natural" look*. The materials used make them all the more "wearable", perfect for **hiking,**

traveling, or for **everyday use**.

The upper is made up of a single piece of **Italian reversed leather**, making the shoes light and **comfortable**. A cork insole **allows the foot to breathe**, leaving it nice and dry.

The EVA and cork midsole with a shank to prevent the ankle from twisting offers a great deal of **stability and comfort**.

The **Michelin® Cross Terrain** sole makes Tikal shoes [<http://www.garmont.com/en/products/active%20travel/tikal->] **perfect for different types of terrain**, guaranteeing stability, support, and traction even on uneven terrain.

Discover the **new Garmont line**, to maintain that **#StayWild** style even in the city!
